Dr. Courtney K. Miller received her Doctor of Philosophy degree from the University of Nebraska- Lincoln in 2006. Dr. Miller is a Licensed Psychologist in the state of Nebraska.

Internship Director:

Dr. Peter Martin graduated from The Institute for Psychological Sciences (IPS) in 2009 as a Doctor of Psychology. Dr. Martin is a Licensed Psychologist in the state of Nebraska.

Clinical Office Manager:

Marie Hall graduated with her Masters in Management from Doane University in 2015. She brings 14+ years of Healthcare experience to our office.

STAFF COMPOSITION

The staff at the Immaculate Heart of Mary Counseling Center bring years of experience in the counseling industry. With 3 Licensed Psychologists, 3 Licensed Mental Health Practitioners, and 1 Provisionally Licensed Mental Health Practitioner, we are able to counsel individuals of all ages. Along with the Clinical staff, IHMCC is also proud to have one full-time Client Relations Specialist and one part-time Adoption Search Specialist. Together, these individuals keep the clinic humming and allow the clinicians to continue providing a high level of care to our clients.

MISSION

Our mission as Catholic Social Services (CSS) is to perform the Works of Mercy in response to the call of God. We, at Immaculate Heart of Mary Counseling Center (IHMCC), strive in particular to Counsel the Doubtful by offering faith-based mental health counseling. Our staff of Licensed Psychologists and Licensed Mental Health Practitioners strives to meet the needs of our community through a wide range of counseling services.

WHAT'S NEW

IHMCC is partners with Catholic Health Initiatives (CHI) Health Partners Network. We are now certified to service Medicaid clients. We offer resources that inform and promote our community's well-being and mental health through our web page. Our Blog, Counseling Corner, Feature of the Month, In the News, and Mental Health Minute have received hundreds of views in our community and worldwide.

Re-opening for in-person services in July

After the initial on-set of COVID-19, the staff at IHMCC worked around the clock to transition our current clients from in-person counseling services to Telehealth services. IHMCC did not miss a beat during this transition and was able to expand our coverage area with the help of our Telehealth system. In July 2020, we started opening up limited counseling sessions for in-person while still adhering to the COVID-19 guidelines and requirements. As of April 1, 2021, our office has returned to our regular business hours and opened up the in-person counseling option to all clients, new and current.

IHMCC is APA-accredited pre-doctoral internship - affiliation with NICPP

The IHMCC offers the only Catholic APA-accredited pre-doctoral internship program in the nation as part of the Nebraska Internship Consortium in Professional Psychology. Our Clinical Program funds one or two doctoral interns in the clinical track each year, beginning August 1 and concluding the following July 31. IHMCC is excited to welcome two new interns on August 1, 2021.

Upcoming PSYPACT

As of June 1, 2021, Drs. Courtney Miller and Natalie Brei have been accepted into the PSYPACT Compact. PSYPACT an interstate compact designed to facilitate telepsychology and the temporary in-person, face-to-face psychology practice across state boundaries.
